Set-up (if applicable) _____

Local Sales Tax (CA residents only) _____

Shipping _____ (billed F.O.B factory)

TOTAL _____

Signature of Authorized Buyer:

**We will ship and bill via ground service unless your special event needs expedited service.*

General Information

Custom artwork: If you are adding your city name, logo or other information in other than straight-line copy, camera-ready artwork must be supplied. Camera-ready artwork is an EPS, AI, or other vector-based artwork at 300dpi or above without the need for modifications that would incur additional charges. High-quality black and white paper artwork of 1000dpi is also acceptable. Camera-ready artwork is NOT faxed, folded, output from an ink jet printer, or a low-resolution bitmapped file embedded into a word processing program. Call for further specifications.

In-house art department: We suggest incorporating your agency's name or other info right into the Connections or Benefits logo of your choice at no additional charge. (A screen charge of \$40 for most items will apply) We can also modify the various logos, such as adding or removing Benefit statements. Additional art charges may apply. We can also create totally custom artwork for you. Art charges will be based on various factors; contact us for details.

How do you add our logo or other information? We can add your logo in a number of ways. Obviously, the area on a pen is much smaller than on a T-shirt, but we will tailor artwork to your specific needs and desires. A virtual proof is e-mailed or a paper proof is faxed for your approval prior to production.

Change of copy, change of color or other custom production runs: We will accommodate almost every request. Charges vary per item.

Color matching: We can match your agency or event colors. Exact match to PMS colors may incur a color mix charge.

Rush availability: Generally, products take approximately 10 working days to produce, plus shipping time. We will make every attempt to meet even the most impossible deadlines. Additional rush charges may be imposed by the factory. Please call to confirm delivery dates and rush charges.

Proofs: We will send a virtual proof via e-mail or a paper proof for your custom order, unless your special rush request does not permit time. We can also produce a product proof, for an additional set-up charge.

Overruns and underruns: Since careful inspection at the factory often results in some imprinted items being discarded, it is understood that an overrun or overrun of not more than 10%, to be billed pro-rate, is acceptable.

Items not seen in the catalog: If you can think of it, we can do it! We can find the perfect item for you. Visit advisorsmarketing.com for 250,000 additional ideas. Whether you need special uniforms, special sizes, awards, trophies, or anything else, The ADvisors is your one-stop shop! Call us for your FREE copy of our GIANT clothing catalog, too!
